

RESOURCES & FUNDING OPPORTUNITIES

Now Hiring!

Research Fellow (Southwestern U.S. Energy Transition)

The Institute for Energy Economics and Financial Analysis (IEEFA) in partnership with the Grand Canyon Trust is seeking a full-time Fellow to conduct topical research on energy-transition issues in the southwest. This position will be based in the southwestern U.S. or in the southwestern tribal nations and preference will be given to current residents of those areas. We are looking for a self-motivated team player with experience or strong interest in the energy industry. The Fellow will work with oversight from senior IEEFA team members and with guidance from Grand Canyon Trust staff. Research priorities will be developed in partnership with IEEFA and Grand Canyon Trust staff and will be informed by the research interests of the fellow. Interested applicants should send a resume, cover letter and writing sample to fellowship@ieefa.org. All submissions should be sent by email with the phrase “Southwestern Research Fellowship” in the subject line. No phone calls please.

Archaeological Field Technician, 2 Openings

Where: Flagstaff, AZ | Hire Type: Temporary | [Apply Here!](#)

Do you thrive in the pursuit of ensuring excellence in environmental consulting services for your clients? SWCA Environmental Consultants is expanding their team and looking for dynamic individuals who are following their passion in delivering the highest-quality project work.

Our Cultural Resources Team in our Flagstaff Office is looking for archaeological technicians to assist with upcoming local survey projects in the Flagstaff area.

NOAA Climate & Global Change Postdoctoral Fellowship Program

Deadline is January 8, 2021

We are pleased to announce the 2021 call for applications for NOAA’s Climate and Global Change Postdoctoral Fellowship (C&GC) program. The fellowship program has an outstanding reputation for attracting the best and the brightest PhDs in the sciences relevant to climate change. Each appointed fellow is hosted by a mentoring scientist at a U.S. university or research institution to work in an area of mutual interest.

C&GC fellows are UCAR employees and receive a fixed annual salary, plus UCAR’s benefits and allowances for relocation, travel and publications.

Appointments will be announced by April 1, 2021. For [more information go here](#) or [email us!](#)

Ambient Air Quality/EPA/NTAA/Tribes

Today, EPA is launching a new Learning Management System (LMS) to deliver technical training to air pollution professionals in tribal, state, and local government air agencies. This new LMS is a key part of our larger plan to modernize the training that EPA and our partners deliver to air quality professionals at all stages of their careers.

The new LMS is organized around eight new air quality curricula (Functional Areas):

- Air Pollution Basics
- Air Quality Modeling
- Air Quality Planning
- Air Toxics Rule Development and Implementation
- Ambient Air Monitoring
- Emissions Inventories
- Permitting
- Source Emissions Testing and Source Emissions Monitoring

The curricula can be used as default learning plans, or learners have flexibility to design their own learning plans, drawing from materials across multiple curricula. The course materials are modularized such that learners can choose specific modules that relate to their work and professional goals, or they can access an entire course or a set of courses as part of their learning plan.

All tribal, state, and local government learners need to register to access the system. Click [here](#) to register. Step by step registration instructions are provided in the flier attached to this email. Questions about the new LMS may be addressed to apti@epa.gov.

Request for Applications: Competitive Funding Opportunity – Interventions and Communication Strategies to Reduce Health Risks of Wildland Fire Smoke Exposures

Informational Webinar: Thursday, October 29; 1:30 – 2:30pm ET

[Register Here](#)

EPA, as part of its Science to Achieve Results (STAR) program, is seeking applications proposing research that will address behavioral, technical and practical aspects of interventions and communication strategies to reduce exposures and/or health risks of wildland fire smoke. To improve individual and public health, this RFA will seek to understand what actions might be effective for reducing adverse health outcomes of ambient and indoor exposures to wildland fire smoke, and how best to communicate these actions to various groups.

Request for Public Nominations for Authors and Scientific/Technical Inputs and Notice of Planned Public Engagement Opportunities for the Fifth National Climate Assessment

The U.S. Global Change Research Program (USGCRP) announced the Call for Authors and Scientific/Technical Inputs for the NCA5. USGCRP is seeking nominations for authors with relevant subject matter expertise and backgrounds in the natural or social sciences. In addition, USGCRP is seeking submissions of relevant scientific and/or technical publications, including peer-reviewed and published literature (or literature that has been accepted for publication), as well as regional and topical information and information for cross-cutting or new topics since the previous assessment. *Nominations are due November 14, 2020.* To learn more about the call and access the submission portal, please visit the [Open Notice](#) on USGCRP's website. Go to the [Federal Register Notice](#) for full details.

Indian Housing Block Grant Competitive Notice of Funding Availability

Due: December 10, 2020

The U.S. Department of Housing and Urban Development (HUD) published the FY20 Notice of Funding Availability (NOFA) for the [Indian Housing Block Grant \(IHBG\) - Competitive Grant Program](#) earlier today. It announced the availability of approximately \$91 million in competitive grants to eligible Indian tribes and tribally designated housing entities (TDHEs). This program provides competitive grant funding to Tribes and TDHEs to carry out affordable housing activities for the benefit of low-income Native American families. In accordance with the FY20 Further Consolidated Appropriations Act, projects that will spur housing construction and rehabilitation will be prioritized.

HUD recognizes the many challenges faced by Tribes and TDHEs during the ongoing COVID-19 National Emergency. Accordingly, this year, HUD is providing a longer application period than the application period in last year's competition to allow applicants additional time to develop and submit applications. Therefore, applicants will have until *11:59:59 EST on December 10, 2020*, to submit applications via <https://www.grants.gov>. If applicants are unable to submit an electronic application, they may request a waiver in accordance with Section IV.A. of the NOFA.

Two New Funding Opportunities Available Through Engagement Opportunities in NASA's Minority University Research and Education Project for American Indian and Alaska Native STEM Engagement – NASA MAIANSE

This National Aeronautics and Space Administration (NASA) Research Announcement (NRA), entitled *Engagement Opportunities in NASA STEM (EONS) – 2020*, solicits proposals for competitive funding opportunities in support of the Minority University Research and Education Project (MUREP) administered by NASA’s Office of STEM Engagement. EONS 2020 is an omnibus announcement that includes a wide range of NASA science, technology, engineering, and mathematics (STEM) Engagement opportunities for basic and applied science and technology research and education. Specific opportunities will be issued periodically throughout the year as Appendices to this solicitation with individual requirements and milestones. For more information regarding the following opportunities and scheduled information sessions, please visit the [ENGAGEMENT OPPORTUNITIES IN NASA STEM \(EONS-2020\)](#) page on the NASA Solicitation and Proposal Integrated Review and Evaluation System ([NSPIRES](#)) website and click on ‘List of Open Program Elements’.

Assistant Secretary Sweeney Announces \$3 Million Living Languages Grant Program Funding Opportunity

Assistant Secretary for Indian Affairs Tara Mac Lean Sweeney announced today that the Office of Indian Energy and Economic Development (IEED) is soliciting applications to the Living Languages Grant Program (LLGP). This \$3 Million grant program will fund between 15 and 60 grants, ranging from \$25,000-\$200,000, to federally recognized American Indian tribes and Alaska Native entities to document, preserve and revitalize Native languages and build active speaker capacity. IEED’s solicitation for LLGP funding and details on how to apply can be found in the [Federal Register](#) and at [Grants.Gov](#).

Climate Change/Energy

Advancing Climate Adaptation and Coastal Community Resilience [FY 2021 Notice of Funding Opportunity](#)

The Adaptation Sciences Program will design and implement research investments through competitions, co-develop activities with partners, and support communities of practice around adaptation pathways. It will build on and maintain strong connections established by its highly successful predecessors - the Coastal and Ocean Climate Applications (COCA) Program, the International Research and Applications Project (IRAP), and the Sectoral Applications and Research Program (SARP).

Please feel free to reach out with questions about the FY 2021 competition or the AdSci Program; you can contact Nancy Beller-Simms ([Nancy.Beller-](#)

Simms@noaa.gov) or Lisa Vaughan (Lisa.Vaughan@noaa.gov) at any time. Please refer to the [upcoming events section](#) of the NOAA/CPO website for information regarding a FY21 AdSci competition information session, and finally, please feel free to share this information with your colleagues.

On-Request Technical Assistance from DOE Office of Indian Energy

Applications Due: Not Applicable

Eligible Entities: tribal governments

The DOE Office of Indian Energy provides federally recognized Indian tribes, including Alaska Native villages, tribal energy resource development organizations, and other organized tribal groups and communities, with technical assistance to advance tribal energy projects at no cost. Technical experts from DOE and its national laboratories, along with other partnering organizations, provide support to assist Indian tribes and Alaska Native villages with energy planning, housing and building energy efficiency, project development, policy and regulation, resilience, and village power.

Toxics/Mobile Sources

NEW! [California Climate Investments Webinar Series](#)

- **Land Conservancies** *Thursday, November 5th; 1:30 - 2:30pm.* [Register.](#)
- **Nonprofits** *Wednesday, November 18th; 1:30 - 2:30pm.* [Register.](#)
- **Local Governments** *Wednesday, December 9th; 1:30 - 2:30pm.* [Register.](#)

Agency and grantee speakers will highlight resources, current and upcoming funding opportunities, and share pathways to success in an upcoming webinar series. [Subscribe](#) to receive updates or [contact us](#) to provide input on the information you would like to see provided. You can also view all California Climate Investments [funding programs available for California Tribal Governments](#).

Funding Opportunity: Up to \$2 million (up to \$1 million per applicant) is available to California Tribal Governments to launch clean, cutting-edge, shared mobility projects. California Climate Investments is accepting applications from tribal applicants first, and awards are available on a first come, first served basis. Learn more about the Clean Mobility Options program and view application materials at cleanmobilityoptions.org. [California Climate Investments](#) is a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing

greenhouse gas emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities in California.

DOE Clean Cities Coalition Network Technical Assistance

Applications Due: Not Applicable

Eligible Entities: Clean Cities Coalitions

Clean Cities connects transportation stakeholders with objective information and experts to assist with alternative fuels, fuel economy improvements, and emerging transportation technologies. Through these trusted, time-tested resources, Clean Cities has helped fleets and fuel providers deploy hundreds of thousands of alternative fuel vehicles and fueling stations that serve a growing market. Clean Cities continues to support the entry of new transportation technologies into the marketplace.
