

RESOURCES & FUNDING OPPORTUNITIES

Now Hiring!

The Bad River Band of Lake Superior Tribe of Chippewa Indians is hiring for the position of Deputy Director of Natural Resources Department and the position closes on December 11, 2020, at 4:30 pm. Send Application and Resume to the Bad River Tribe, Attn: Human Resources, P.O. Box 39, Odanah, WI 54861 <http://www.badriver-nsn.gov/>

Open AQ Community Ambassador Program Application

[Apply Here!](#)

Open AQ Community Ambassadors are individuals who are committed to using air quality data to create positive change in the fight against air inequality over the course of the 10-month fellowship, (and hopefully) beyond. This 10-month program will provide Ambassadors with interdisciplinary training, leadership development, and a supportive professional community to hone skills and expertise in the air quality field. Ambassadors can come from diverse cultural, geographic, and socioeconomic backgrounds and work in any sector.

Please submit your application by the **application deadline: December 5, 2020**.

Once you submit your application, you will be receiving a confirmation email of receipt within 48 hours.

If you have any questions about the program, please contact Chisato Calvert, Deputy Director of OpenAQ at chisato@openaq.org

Office of Energy Efficiency and Renewable Energy

Clean Energy for Biden (CE4B) has launched a screening committee to identify, vet and endorse highly qualified clean energy professionals to potentially serve in a Biden-Harris administration.

[Apply for this Job!](#)

If you are interested in this The Biden-Harris administration is committed to starting day one of their Administration by leading by example, making sure political appointees, including their Cabinet, and our entire federal workforce look like the country they serve. CE4B is not part of the official Biden-Harris campaign, but we are gathering names for all levels of clean energy positions within a Biden-Harris administration, with a focus on underrepresented groups. If you or someone you know would make a good addition to government clean energy leadership, please complete this application.

If you are interested in this particular role, please submit your resume to CE4B's clean energy professionals database, which we will make available to the Biden-Harris Transition Team. Please ensure you are also signed up as a member of Clean Energy for Biden. Sign up [here](#) if you're not already registered.

Director of Tribal Relations | Olympia, WA

[Click here](#) for more info!

This recruitment will remain open until filled. Application review will be ongoing with first review on 11/13/2020. The hiring authority reserves the right to make a hiring decision at any time. It is in the applicant's best interest to submit material as soon as possible.

Pathways Recent Graduate: GS-11/12 Geographer/Physical Scientist (Climate Impacts)

[Climate Adaptation Science Centers](#)

Duty Station: Raleigh, NC or Minneapolis, MN

Vacancy announcement (<https://www.usajobs.gov/>) opening November 16, 2020 with negotiable start date.

The position will focus on :

- Conducting quantitative analyses of climate observations and future scenarios at spatial and temporal scales that are relevant to natural resource managers in the eastern US;
- Integrating climate model projections into species, habitat, and ecosystem response models; and
- Developing graphics and written summaries to communicate and translate scientific results for use by natural resource managers and decision makers.

Interested but want to know more? Please contact Ryan Boyles

(rboyles@usgs.gov), Deputy Director, Southeast Climate Adaptation Science Center.

Research Fellow (Southwestern U.S. Energy Transition)

The Institute for Energy Economics and Financial Analysis (IEEFA) in partnership with the Grand Canyon Trust is seeking a full-time Fellow to conduct topical research on energy-transition issues in the southwest. This position will be based in the southwestern U.S. or in the southwestern tribal nations and preference will be given to current residents of those areas. We are looking for a self-motivated team player with experience or strong interest in the energy industry. The Fellow will work with oversight from senior IEEFA team members and with guidance from Grand Canyon Trust staff. Research priorities will be developed in partnership with IEEFA and Grand Canyon Trust staff and will be informed by the research interests of the fellow. Interested applicants should send a resume, cover letter and writing sample to fellowship@ieefa.org. All submissions should be sent by email with the phrase "Southwestern Research Fellowship" in the subject line. No phone calls please.

NOAA Climate & Global Change Postdoctoral Fellowship Program

Deadline is January 8, 2021

We are pleased to announce the 2021 call for applications for NOAA's Climate and Global Change Postdoctoral Fellowship (C&GC) program. The fellowship program has an outstanding reputation for attracting the best and the brightest PhDs in the sciences relevant to climate change. Each appointed fellow is hosted by a mentoring scientist at a U.S. university or research institution to work in an area of mutual interest.

C&GC fellows are UCAR employees and receive a fixed annual salary, plus UCAR's benefits and allowances for relocation, travel and publications.

Appointments will be announced by April 1, 2021. For [more information go here](#) or [email us!](#)

Ambient Air Quality/EPA/NTAA/Tribes

FEMA Opens \$600 Million Grant Process

The [Federal Emergency Management Association](#) (FEMA) opened applications on September 30, 2020 for two hazard mitigation grant programs totaling \$660 million. The two grant programs, the [Flood Mitigation Assistance grant](#) and the [Building Resilient Infrastructure and Communities grant, or BRIC](#), will provide funds to states, local communities, Tribes and territories for eligible mitigation activities. These programs allow for funding to be used on projects that will reduce future disaster losses and strengthen our nation's ability to build a culture of preparedness.

Both grant applications are open from *Sept. 30 to Jan. 21, 2021*. Eligible applicants must apply for funding using the new [FEMA Grants Outcome \(FEMA GO\)](#). Applications received by FEMA after this deadline will not be considered for funding.

EPA is launched a new Learning Management System (LMS) to deliver technical training to air pollution professionals in tribal, state, and local government air agencies. This new LMS is a key part of our larger plan to modernize the training that EPA and our partners deliver to air quality professionals at all stages of their careers.

The new LMS is organized around eight new air quality curricula (Functional Areas):

- Air Pollution Basics
- Air Quality Modeling
- Air Quality Planning
- Air Toxics Rule Development and Implementation
- Ambient Air Monitoring
- Emissions Inventories
- Permitting
- Source Emissions Testing and Source Emissions Monitoring

The curricula can be used as default learning plans, or learners have flexibility to design their own learning plans, drawing from materials across multiple curricula. The course materials are modularized such that learners can choose specific modules that relate to their work and professional goals, or they can access an entire course or a set of courses as part of their learning plan.

All tribal, state, and local government learners need to register to access the system. Click [here](#) to register. Step by step registration instructions are provided in the flier attached to this email. Questions about the new LMS may be addressed to apti@epa.gov.

Request for Public Nominations for Authors and Scientific/Technical Inputs and Notice of Planned Public Engagement Opportunities for the Fifth National Climate Assessment

The U.S. Global Change Research Program (USGCRP) announced the Call for Authors and Scientific/Technical Inputs for the NCA5. USGCRP is seeking nominations for authors with relevant subject matter expertise and backgrounds in the natural or social sciences. In addition, USGCRP is seeking submissions of relevant scientific and/or technical publications, including peer-reviewed and published literature (or literature that has been accepted for publication), as well as regional and topical information and information for cross-cutting or new topics since the previous assessment. *Nominations are due November 14, 2020.* To learn more about the call and access the submission portal, please visit the [Open Notice](#) on USGCRP's website. Go to the [Federal Register Notice](#) for full details.

Indian Housing Block Grant Competitive Notice of Funding Availability

Due: December 10, 2020

The U.S. Department of Housing and Urban Development (HUD) published the FY20 Notice of Funding Availability (NOFA) for the [Indian Housing Block Grant \(IHBG\) - Competitive Grant Program](#) earlier today. It announced the availability of approximately \$91 million in competitive grants to eligible Indian tribes and tribally designated housing entities (TDHEs). This program provides competitive grant funding to Tribes and TDHEs to carry out affordable housing activities for the benefit of low-income Native American families. In accordance with the FY20 Further Consolidated Appropriations Act, projects that will spur housing construction and rehabilitation will be prioritized.

HUD recognizes the many challenges faced by Tribes and TDHEs during the ongoing COVID-19 National Emergency. Accordingly, this year, HUD is providing a longer application period than the application period in last year's competition to allow applicants additional time to develop and submit applications. Therefore, applicants will have until *11:59:59 EST on December 10, 2020*, to submit applications via <https://www.grants.gov>. If applicants are unable

to submit an electronic application, they may request a waiver in accordance with Section IV.A. of the NOFA.

Two New Funding Opportunities Available Through Engagement Opportunities in NASA's Minority University Research and Education Project for American Indian and Alaska Native STEM Engagement – NASA MAIANSE

This National Aeronautics and Space Administration (NASA) Research Announcement (NRA), entitled *Engagement Opportunities in NASA STEM (EONS) – 2020*, solicits proposals for competitive funding opportunities in support of the Minority University Research and Education Project (MUREP) administered by NASA's Office of STEM Engagement. EONS 2020 is an omnibus announcement that includes a wide range of NASA science, technology, engineering, and mathematics (STEM) Engagement opportunities for basic and applied science and technology research and education. Specific opportunities will be issued periodically throughout the year as Appendices to this solicitation with individual requirements and milestones. For more information regarding the following opportunities and scheduled information sessions, please visit the [ENGAGEMENT OPPORTUNITIES IN NASA STEM \(EONS-2020\)](#) page on the NASA Solicitation and Proposal Integrated Review and Evaluation System ([NSPIRES](#)) website and click on 'List of Open Program Elements'.

Assistant Secretary Sweeney Announces \$3 Million Living Languages Grant Program Funding Opportunity

Assistant Secretary for Indian Affairs Tara Mac Lean Sweeney announced today that the Office of Indian Energy and Economic Development (IEED) is soliciting applications to the Living Languages Grant Program (LLGP). This \$3 Million grant program will fund between 15 and 60 grants, ranging from \$25,000-\$200,000, to federally recognized American Indian tribes and Alaska Native entities to document, preserve and revitalize Native languages and build active speaker capacity. IEED's solicitation for LLGP funding and details on how to apply can be found in the [Federal Register](#) and at [Grants.Gov](#).

Climate Change/Energy

Advancing Climate Adaptation and Coastal Community Resilience **[FY 2021 Notice of Funding Opportunity](#)**

The Adaptation Sciences Program will design and implement research investments through competitions, co-develop activities with partners, and support communities of practice around adaptation pathways. It will build on and maintain strong connections established by its highly successful predecessors - the Coastal and Ocean Climate Applications (COCA) Program, the International Research and Applications Project (IRAP), and the Sectoral Applications and Research Program (SARP).

Please feel free to reach out with questions about the FY 2021 competition or the AdSci Program; you can contact Nancy Beller-Simms (Nancy.Beller-Simms@noaa.gov) or Lisa Vaughan (Lisa.Vaughan@noaa.gov) at any time. Please refer to the [upcoming events section](#) of the NOAA/CPO website for information regarding a FY21 AdSci competition information session, and finally, please feel free to share this information with your colleagues.

On-Request Technical Assistance from DOE Office of Indian Energy

Applications Due: Not Applicable

Eligible Entities: tribal governments

The DOE Office of Indian Energy provides federally recognized Indian tribes, including Alaska Native villages, tribal energy resource development organizations, and other organized tribal groups and communities, with technical assistance to advance tribal energy projects at no cost. Technical experts from DOE and its national laboratories, along with other partnering organizations, provide support to assist Indian tribes and Alaska Native villages with energy planning, housing and building energy efficiency, project development, policy and regulation, resilience, and village power.

For more information, visit the on-request [technical assistance description](#).

Burning wood this winter? Check out these 5 tips to keep your family and neighbors healthy

Smoke may smell good, but it's not good for you. Wood smoke consists of tiny particles that can get into your eyes and lungs, where they may cause burning eyes, runny nose, and illnesses (such as bronchitis). Tiny smoke particles can irritate your lungs, cause inflammation, and affect your immune system. Particles found in wood smoke can make [asthma](#) symptoms worse and trigger asthma attacks.

Wood smoke can also make you more prone to lung infections, likely including SARS-CoV-2, the virus that cause COVID-19. According to the [CDC](#), people who currently have or who are recovering from COVID-19 may be at an increased risk of health effects from exposure to wood smoke due to compromised heart and/or lung function related to COVID-19. Learn more [here](#)! And [best wood-burning practices](#).
